# TREASURER'S REPORT

---

Peabody, Mass., December 31, 1933

Trustees Peabody Institute,  
Peabody, Massachusetts

Gentlemen:

The attached report represents the financial transactions and condition for the year 1933, with supporting schedules of Investments showing costs, book values, and market values.

In spite of the world upheaval and the greatest depression recorded in history with its resulting financial disaster, we are receiving full income from all of our investments excepting the following:

\$1600 Chicago, Milwaukee, St. Paul 5's 1975.  
(Interest has been defaulted since April, 1931).

11 1-5 Shares Boston & Maine Railroad, 1st Preferred. Eben T. Osborn Estate.

1 Share New York, New Haven & Hartford R. R.  
Eben T. Osborn Estate.

\$1000 Missouri Pacific R. R. 1st Ref. 5's. (Bought in 1914). Interest defaulted August 1933.

\$3000 Ann Arbor R. R. 1st 4's 1995. (Bought in 1902). Interest defaulted in July 1933.

A comparison of market values with book values reflects the toll of the depression even on the highest grades of

securities—U. S. Government Bonds proving no exception. Our securities based on current market values have depreciated 19%, while our investments over all, including Real Estate (on a replacement basis) have depreciated approximately 12½%. The instability of securities will doubtless continue until the present monetary system is basically adjusted and until investors are officially assured that bonds purchased will not be paid for with unsound dollars.

During the writer's capacity as Treasurer, our assets have increased from \$332,867.00 to \$406,334.00, or \$73,468.00 (or 22%), \$22,000.00 of which came from the Eben T. Osborn Estate, leaving a net increase in assets of \$51,468.00 which can be attributed to the full measure of support at all times given by your Finance Committee over a period of years.

The income in the same period from Securities and Real Estate, exclusive of subsidy by the City, has increased from \$10,347.00 to \$15,093.00, or \$4,745.00 per year (45%). \$1914.00 of this amount applies to the Peabody Library, and \$2831 to Sutton and other funds. This is due to our ability to improve our position on higher income securities without impairing security, as well as improving our real estate to the end of increasing income.

Changes were made in investments during the year as follows:

#### General Fund

BOUGHT	SOLD
1M Dominion of Canada 5's '52	1M Montreal Light, Heat & Power 5's

#### Reserve Fund

2M American Tel. & Tel. 5's '46	2M Montreal Light, Heat & Power 5's
	\$150 paid on Chicago Railway 5's

**Sutton General Fund**

None

\$50 paid on Chicago Railway 5's

**Sutton Building Fund**

2M Dominion of Canada 5's, '52    \$50 paid on Chicago Railway 5's

**Eben T. Osborn Fund**1M American Tel. & Tel. Co.  
5's, '46

None

The income from rents has decreased \$720.00 as compared with last year.

During the year, the City of Peabody appropriated only \$1,000 for purposes of the Children's Library. The Children's Library was opened in 1924 with the understanding that the city would maintain this branch of the service. Our experience shows that it costs at least \$5,000 per year to adequately conduct this department, and if the city fails to appropriate sufficient funds, obviously this department must be discontinued; thereby depriving the children of this city of an educational institution which ranks next to our schools.

Improvements were completed in the Institute Building. The installation of a sprinkler system, metal ceiling, etc., amounted to \$4,782.00 as a result of which insurance premiums will be reduced about \$600 per year.

The deficit of \$1,412.82 existing in the Reserve Fund was reduced \$1,218.98 during the year.

All accounts and securities were audited by Seamans, Stetson and Tuttle (Certified Public Accountants) and re-

port made to the Trustees, April 21, 1933. The securities were gain audited October 3, 1933. The audit for the year 1933 has been completed and the text of the auditors' report follows the treasurer's report. Complete details of the Auditor's report is on file at the office of the Trustees. The books were found correct and the securities intact.

Respectfully submitted,

JOHN J. GALLAGHER,

Treasurer.

## TRUSTEES OF THE PEABODY INSTITUTE

Audit for the Year Ended December 31, 1933

---

Boston, Mass., February 5, 1934

Trustees of the Peabody Institute,  
Peabody, Massachusetts.

Gentlemen:

In accordance with your instructions, we have audited the books and accounts of the Treasurer of the Trustees for the year ended December 31, 1933.

The cash balance as shown by the cash book and general ledger were in agreement with the bank statements and certificates of balance obtained from the Warren National Bank as of December 31, 1933 after allowing for outstanding items.

The securities and savings bank books representing the investments of the various funds were examined and found to be on hand as required by the records. The securities investments are shown in detail in Exhibit E. The savings bank accounts were verified by correspondence with the banks.

The income from interest on bonds, dividends on stocks, and bank interest has been verified and all found to be accounted for properly. The rate of income from securities and savings bank deposits for 1933 was 4.71% on the book value of securities and cash at the beginning of the year.

Gross income from real estate rentals (not allowing for expenses) was \$2,412.00 or 5.91% on the book value of the

outside real estate investment compared with \$3,362.00 or 8.24% the previous year.

All disbursements were supported by cancelled checks and vouchers, the vouchers being properly approved where such approval was necessary.

Very respectfully,

SEAMANS, STETSON & TUTTLE,

Certified Public Accountants.

(The schedules accompanying the auditor's report are on file at the office of the Trustees).

## REPORTS OF COMMITTEES

---

To the Trustees of the Peabody Institute:

Gentlemen:—The reports of the Librarians and of the Sub-Committees of the Lyceum and Library Committee are herewith submitted. They present in full the work of the Institute for the year ending December 31, 1933.

Respectfully submitted,

WILLARD W. WOODMAN,

Chairman Lyceum and Library Committee.

## Report of the Library Committee for the Year 1933

---

A reduced appropriation for the Library this year has resulted in the purchase of a smaller number of books. This condition has seriously impaired the efficiency of the Children's Library where many new books were needed. If the income from the invested funds of the Institute is not sufficient to maintain the work of the library, which is an important part of our educational system, it is hoped that the city will provide the necessary financial assistance.

Our schools are maintained at a high standard, and ample funds are provided for them. The Children's Library of the Institute has an equally just claim for financial support. The schools teach the children to read, and the library instructs them in the selection of good reading matter.

Peabody people do not realize the splendid service that is given to more than 3200 children in the library. There their youthful minds are trained in the appreciation of good books. To deprive the children of those advantages would be a serious loss to them. Most of the juvenile books now being published appeal to children. They exemplify characters of the present day and are carefully selected by our librarian, who, with the cooperation of his assistants, directs the children in the class of reading most suited for them.

Mr. Keefe and his assistants have accomplished splendid work despite the disadvantages that confronted them this year. The young men in the adult's library have given good service and the duties of the janitor were ably and efficiently performed.

For the Committee,

P. H. O'CONOR, Chairman.

## Librarian's Report

---

To the Library and Lyceum Committee:

Ladies and Gentlemen:—

I have the honor to submit herewith my annual report on the activity of the Peabody Institute Library for the year ending December 31, 1933.

During the past year, a serious problem has manifested itself in the Peabody Institute Library. This difficulty may be summed up as follows: during a period prior to 1933 we had necessary material and low circulation; now we have inadequate material, and an enormous circulation. Despite the proportions of our present circulation, we note, nevertheless, a slight decrease since 1932, in both the adult and children's departments. The present circulation is, in the adult department, 48,850; in the children's, 45,703.

We have purchased three hundred and twenty-four (324) volumes in the adult library; eighty-six (86) volumes in the children's library. This is a deplorable condition, in view of the fact that many of the books in the children's department have circulated over fifty times, been continually repaired, and are still in circulation. It is evident that some means of coping with this situation must be devised, if the library is to be expected to meet the demands of the residents of the city of Peabody.

It is my sincere wish, as your Librarian, that such measures will be taken, as will induce our Mayor to place in the city budget, a sufficient appropriation for the development and maintenance of all the various phases of our children's library, which support, as my report carefully outlines, the juvenile department so obviously needs.

It is pleasing to note the great increase in reference work at the library. A great deal of time is devoted to the assistance of our high school and college students, in their debate and individual project preparation. A complete renovation of the books in the reference room should be made immediately.

Groups of recommended volumes are supplied each month to St. Joseph's Juniorate.

The "inter-library loan" system, whereby books not available in this library, can be borrowed from other cities, is constantly utilized.

Inventory was taken of Adult Fiction, Science, and Arts, and all books in the Children's Room, and our work of covering and repairing books was continued.

The registration in the Children's Room has increased so that the number of borrowers is far in excess of the number of books. The normal proportion is three books to one child. Such a proportion would permit us to continue our deposits in the schools. The insufficiency of volumes has caused us to discontinue this custom as well as our courses in the use of the library.

Membership in the Library Art Club has been retained, and 18 sets of pictures have been displayed.

I gratefully acknowledge the support and cooperation of the Library Committee, and of the members of the staff, who have shown interest and enthusiasm in their work.

Statistics in their usual form are hereby appended.

Respectfully yours,

JOHN E. KEEFE, Librarian.

**Report of the Librarian of the Eben Dale Sutton Reference  
Library for the year ending December 31, 1933**

To the Library and Lyceum Committee:

Ladies and Gentlemen:—The renovating of the Sutton Library last summer has added much to its beauty and attractiveness, and there has been many gratifying comments upon its improved appearance.

The original decoration of the beautiful ceiling has been fairly well restored.

The walls and woodwork have been thoroughly cleaned and retouched in tones harmonizing with the color scheme of the room.

The two large couches have been re-upholstered in a rich shade of red velvet.

The lighting system is especially satisfactory.

The table lamps, in particular, are unique in design, and adequately light the two large library tables, which has never before been accomplished.

The library has had a most successful year.

Statistics are hereby appended.

FRANCES M. CARROLL, Librarian.
